**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. Save the bridge to broadband. Competition is good for consumers.

Allow smaller companies to compete. Save access to copper and UNEs.

No to price hikes; no to price hikes in phone and internet services.

Allow more cheaper access to public institutions like schools and libraries.

No to big companies that would slow the internet access to ordinary consumers and public access in favor of large companies or higher prices.
